ALL THESE ELK BULLS HAVE A MAGICABLE TWIST TO THEM.

4 Play: Stand out body size plus Velvet and Hard/Antler around 480sci.

Kiwi Renegade: One of the early Pure Elk Bulls at a young age cut E/Supreme grade and was sold to a North American; their investment was recoup in first season from semen sales.

Playboys: If I hadn't spent 20k about 25 years ago and bought Playboys semen (genetics) from Max Winter around 1000 per straw! I'm sure we wouldn't be where we are today with all these super stud sires. "Playboy Sire of 4 play"

Mayfield Magic: 21kg Velvet and Hard/Antler 568sci awesome typical Antler: Smaller pure Elk bull with so much punch!

The Duke: Velvet around 21.85kg, H/Antler with the biggest blade and top plus super wide such awesome looking Antler Elk bull. Could have sold him numerous times.

Savannah: Another big hitter in the velvet world around 23.5kg of velvet. Hard Antler to come. This chappie came from Ai from world class Seattle record breaker in his own right.

Mojo: Has left 550sci elk bulls that went to hunt parks last season: scoring himself 545sci non/typical.

Eureka: Just coming of age to be a big hitter cutting 24.20kg @ 6 yr he has a massive blade of velvet and is the Sire of Bonanza cutting 11.03kg @ 2yr.

Yellowstone: This chappie one to watch! An awesome body and cut early velvet 13/11/23 just on 16kg as a 4 year old.

U-Wonder: Won the Sires of three many years ago first Elk bull to cut Elk supreme as a 2 year old! He was a cracker was lost to early as like Silverado!

Stevie Wonder plus Condomn: we bought in as Sires: many a top Elk bull bear breed from these chaps.
