

Premium elk semen
for superior
genetics and herd
performance

Welcome to Mayfield Elk Farm, where tradition, expertise and innovation come together.

Situated in Thomsons Crossing near Winton, Southland, Mayfield Elk Farm has evolved into a state-of-the-art Wapiti unit renowned for raising magnificent pedigree elk. Managed by the May family for more than four generations, our farm covers 100 hectares of rolling, fertile land, providing the perfect haven for raising elk of unparalleled quality.

As well as raising superior, genetically strong deer and elk, we also sell hard antlered elk bulls to trophy parks (3,000 to 60,000 acres in size) across New Zealand.

Farm

WHY BUY FROM US?

Today, under the management of father and son team, Tom and Josh May, the farm stands as a testament to our commitment to superior elk genetics and quality stud semen.

Our deep-rooted knowledge and passion for elk farming has been passed down through generations. We not only raise superior, genetically strong elk, our ethical breeding practices are at the heart of all our breeding programmes.

Your advantage:

Animals are well taken care of with generous lands to roam

Spacious farm shelter and trees on every fence line

Superior semen from strong generational lines

Our bloodlines breed consistently heavier animals with superior growth rates, stand out body size, heavy, clean velvet heads and superior trophy antlers

Mayfield Elk has gained widespread recognition for its outstanding performance in competitions

SEAMLESS EXPERIENCE

When it comes to artificial insemination, we make it an easy and positive experience from start to finish. Our strong relationships with AI specialists, guarantee a straightforward procedure with success rates of 60 to 75 percent.

Additionally, they will take care of any transportation requirements, ensuring the product is delivered to your doorstep healthy, robust and undamaged.

Please ensure you book your vet in advance, so that the whole procedure can be carried out easily on the day.
